

OPTIMIZED OPERATION FOR THE CALMNESS OF THE HEART

Based on the actual needs of the operators, ZK6138HP is deeply optimized in key dimensions such as product usability, so as to make the operation more worry-free and create more value for customers.

Thoughtful design makes it convenient for maintenance

- 1

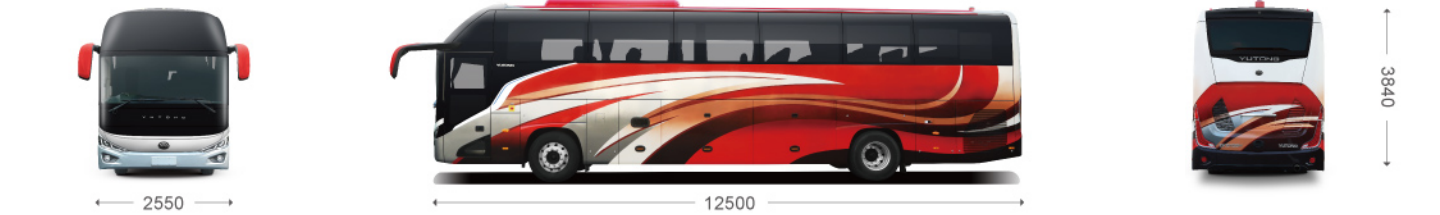

Reversible front bumper:
Easy to overhaul headlights, brake pumps and other components.
- 2

Turnable fixed structure for electrical parts:
Hidden wiring, which is clean and tidy. Easy to flip and convenient to reach.
- 3

Visible rear-closed relay box:
The circuit board in the box can be viewed at a glance, and the maintenance is faster.
- 4

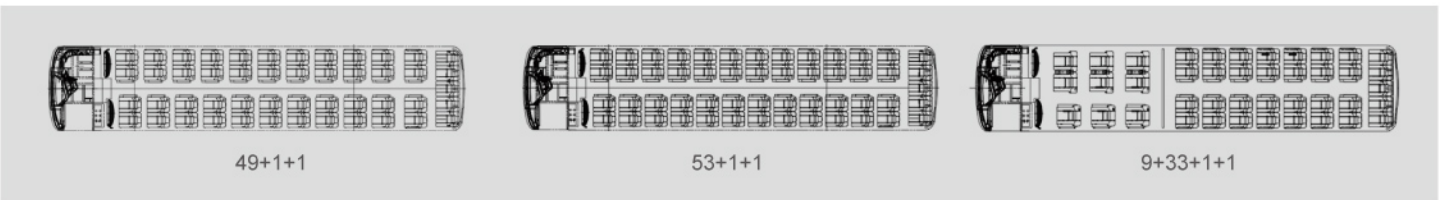

Cabin door for the micro power switch:
Without opening the whole cabin door, you can turn on and off the power switch.
- 5

Optimized location of oil filter:
Easy replacement of oil filter when there is no gutter .

ZK6138H

Item	Standard configuration
Total length * width * height	12500*2550*3840
Approach angle/Departure angle (°)	9.2/8.8
Minimum turning diameter (m)	22.5
Engine type	WP10.375
Discharge (L)	9.726
Emission	Euro III standard
Rated power (kW/ rpm)	276/2200
Rated torque (N.m/ RPM)	1460/1400-1600
Fuel type	Diesel
Transmission	ZF6S1610BO European original imported gearbox
Axle	Front plate and back plate (front Molead and rear Meritor mute gears)
Centralized lubrication	Equipped with centralized lubrication system
Brake safety system (ABS, EBS, AEBS)	WABCO ABS
Thermal management system	Electric Fan-intelligent cooling system
Suspension system	Suspension with six air bags
Tire	Michelin 295/80R22.5
Fuel tank	600L metal tank
Lounge	Front driver lounge, equipped with verbal system and air conditioning system
Baggage compartment	9m³ super large luggage compartment
Air conditioner	BFFD-06 air conditioner (refrigerating capacity 32000Kcal/h, BOCK compressor)
Seating capacity	49+1+1/53+1+1/9+33+1+1 seats
